Corporation Sonata would like to thank each one of you who stopped by our booth in Chicago. We enjoyed having the opportunity to meet and talk with you.

The response to the Sonata 1050 was overwhelmingly enthusiastic, and we hope that each operator and distributor will take advantage of this special limited-edition Model 1050.

The Sonata 1050 is being sold around the country in the home market for prices as high as \$4700.00 and as low as \$3500.00. The wholesale cost per machine is \$2360.00 FOB Laredo, Texas or San Diego, California.

For immediate delivery, contact: George Furqueron, 1520 First Street, Suite 2106, Coronado, California 92118, or phone: (714) 435-4883; (903) 385-0315.

Again, it was a pleasure meeting you and I look forward to hearing from you soon.

Sincerely,

George Furqueron
FACTORY REPRESENTATIVE
